

Aerosolization Equity Investments, LLC AerosolizLD™

CAPABILITY STATEMENT

www.aerosolization.com

The system and method of on-site “Aerosolization” of all chemical and biological wastewaters is encapsulated in US patents #8,926,792, #9,890,057 #9,926,209 #14/519,163 #14/671, 366. On-site treatment & final disposal of all wastewaters is safe, effective, immediately deployable, all natural, infinitely adaptable and extremely affordable. All aspects of customized on-site Aerosolization of all wastewaters keeps sites in compliance, within budget and with minimal oversight and administration.

CORE COMPETENCIES

1. On-site treatment and final disposal of all chemical and biological wastewaters
2. Customizable and modular equipment sales and service
3. Operational best practices consultation
4. Compliance data collection, analysis, compilation and reporting

Cage: 8C9P8 Duns: 11710446 Work Area: Worldwide

CUSTOMIZED QUOTE REQUIREMENTS

1. Type and annual generation rate of wastewater
2. Turn-key or licensing of operations preferred

COMPANY SNAPSHOT

POC: Mr. Kelly K Houston (Patent cluster holder)
Phone: 704-756-5494
Email: Aeihq@mindspring.com

DIFFERENTIATORS

1. We work within existing operational structures and budgets to achieve considerable savings and increased environmental compliance.
2. Direct licensing of all aspects available.

NAICS & PSC CODES

- 561990 All support services
- 562211 Waste treatment & disposal
- 562219 Non-Haz waste treatment & disposal
- 562910 Remediation services
- 562998 Misc. waste management services
- 611430 Professional management
- 811310 Commercial/Industrial equipment
